

MYANATOMY INTEGRATION

Equal Opportunity
Enabler

2023-24

ABOUT OUR COMPANY

We are an innovative digital talent platform that breathes life into the talent ecosystem since our establishment in 2018. Nestled in the tech hub of Bangalore, we are dedicated to discovering and nurturing the uniqueness in every individual's talent anatomy. Our mission? To harmonize talent and opportunity, ensuring no talent goes unnoticed or underutilized.

Harnessing the power of AI, we've constructed an inclusive digital platform that levels the playing field in the opportunity landscape. Our commitment to equal opportunity fosters a diverse and high-quality talent pool, enabling our clients to attract and acquire individuals with robust talent DNA.

Think of us as your talent matchmaker. With our Software As A Service (SAAS) platform, we offer Recruitment As A Service (RAAS) and Learning As A Service (LAAS). These services have proven instrumental in connecting over 300+ corporates with the right talent and helping 5 million+ candidates seize their ideal opportunities. Additionally, we've partnered with over 3000+ institutions to facilitate a seamless alignment of talent and opportunity.

OUR SERVICE

**Bridging the gap between
Corporates, Colleges and Candidates.**

Corporates:

Make smart recruitment decisions

Experience a seamless and efficient hiring process with MyAnatomy's complete automation - from campus outreach to engagement, assessments, and onboarding. Boost your organization's success by hiring talent that is right for you.

Colleges:

Seamless placement management for success.

MyAnatomy's digitally empowered platform makes it easy for colleges to manage end-to-end placement activities, by efficiently handling campus events, job-postings, job processes etc from their desk. Empower your institution to create better opportunities for students and drive successful outcomes.

Candidates:

Unlock your full potential with MyAnatomy.

Secure your future by upskilling through various test assessments, job/internship opportunities and training programs. MyAnatomy connects you to the right resources, giving you a competitive edge in today's ever-evolving job market

Why Choose Us?

Equal Opportunity

At MyAnatomy, we're committed to equal opportunity. We believe talent is universal and aim to give every individual a fair chance at success, regardless of their background.

Talent Transformation

We're not just a job platform; we're a catalyst for talent transformation. We use digital tools to help businesses enhance their talent strategies and stimulate growth.

Innovation

Innovation is at our core. We are constantly expanding the boundaries of talent management and recruitment with our AI-powered platform, making the process smooth and efficient for all.

Diversity & Inclusion

We celebrate diversity and inclusivity. We understand that diverse perspectives and experiences power the success of any organization, and we're dedicated to fostering such an environment.

Breakthrough

Value We strive to deliver breakthrough value. Our data-driven, custom solutions impact the talent landscape in significant ways, from automating corporate hiring to empowering candidates with assessments and training.

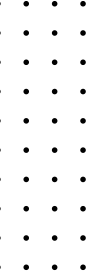

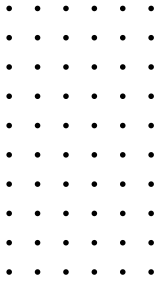

Why Choose Us?

DISCOVER, ENGAGE, EVALUATE and ONBOARD talent like never before!

MyAnatomy is the trusted partner for organizations seeking to harness the power of digital innovation and seamless talent acquisition.

Top 5 challenges faced by corporates today:

Difficulty finding diverse talent with the right skills.

Time-consuming recruitment process.

High costs associated with recruitment, onboarding, and training.

Negative impact on company brand due to poor candidate experience.

The gap between talent demand vs supply equation.

Let's explore how MyAnatomy solves these challenges:

Dedicated Account manager for end-to-end process management

Having a dedicated account manager ensures smooth communication and coordination throughout the recruitment process, addressing any concerns or issues promptly.

Complementary Outreach platform & dedicated campus recruitment team:

Engaging with colleges and students through an outreach platform and a dedicated team helps expand the talent pool and establish connections with potential candidates early on.

Integrated Tech Interview Platform-MOVIE:

An integrated tech interview platform streamlines the screening and assessment process, allowing for efficient evaluation of candidates' technical skills, saving time and improving the quality of hires.

Pre-assessed pool of freshers through N.C.E.T:

Accessing a pre-assessed pool of freshers through initiatives like the National Competency & Employability Test (N.C.E.T) helps identify and shortlist candidates who have already undergone initial assessments, reducing the time and effort required for evaluation.

End-to-end Recruitment life cycle/Joining Document and virtual onboarding process management:

Using AI/ML-powered solutions for recruitment and onboarding streamlines the entire process, ensuring a seamless experience for both candidates and the company. This reduces time, cost, and administrative burden while improving efficiency and quality.

Hire, Train, Deploy:

Our unique Hire, Train, Deploy model, enables us to deliver the right talent to our clients. With our onsite training programs, we ensure that the candidates we provide are job-ready from day one, saving time and resources.
